

Immunization Requirements

All students entering WLCA for Kindergarten must be 5 years old on the first day of school.

We adhere to Clark County educational standards which provides no exception to this rule.

WLCA requires that all new students for educational purposes take an entrance exam administered by one of our employees. Prior to the scheduling of that exam, a fully completed registration packet and registration fee must be submitted to the school office, at which time a testing and interview appointment can be scheduled. After testing has been finalized, you will meet and interview with our principal, at which time you will go over the results of the test and your future plans as a family member of Word of Life Christian Academy.

In addition to the application, fees and interview, a current copy of Nevada State immunization records and past academic records is required. Academic records are required to be mail directly from the registrar's office of former school; hand delivered academic records are not allowed. These documents are for Kindergartners and new students to the state of Nevada. Nevada Law requires all children have up-to-date immunizations and boosters to be enrolled in school. We are required by law remove any child from school who is not fully immunized or has incomplete records.

You can find a list of our required immunizations below WLCA requires that all new students for educational purposes take an entrance exam administered by one of our employees.
