For some items, we have listed several brand options from which to choose. Please purchase ONLY these brands as we are required by OSHA to have "spec" sheets on every item containing chemicals in our facility.
If another brand is brought in we will not be able to use it and we do not wish to waste your time or resources.
Please do not label your supplies unless noted below, until the teacher has approved them.
It is important that you have purchased the correct items for your child and some of the requested supplies will be used for the entire classroom. Thank you for your understanding and cooperation.
